TRADE CIRCULAR

Sub: Reduction in indexation of the Scale of Rates for Haldia Dock Complex w.e.f. 01.05.2022.

In terms of the provisions of the Scale of Rates, the Cargo, Vessel and Miscellaneous Charges of Haldia Dock Complex were indexed by 10.77% w.e.f. 01.05.2022.

In view of the uncertainty as well as difficulties in the world of maritime trade and the increased burden on the Trade due to such indexation and considering the representations received against the same from customers at large, it has been decided to keep the indexation on Cargo related charges at abeyance till implementation of the new Scale of Rates. Accordingly, there would be no increase in the Cargo related charges (Part-I of the Scale of Rates) at HDC and the rates applicable till 30.04.2022 would continue to remain valid.

Moreover, the increase in Vessel Related Charges (Part-VI and Part-VII of the Scale of Rates) has been reduced to 3% from 10.77%.

The indexation on Miscellaneous Charges (Part-III of the Scale of rates) would however continue to remain at 10.77%.

The above would remain applicable at HDC till implementation of the new Scale of Rates.

All concerned are requested to be guided accordingly.
