2. For deserving cases, KoPT may consider providing rebate / concession towards Upfront fees. However, percentage (%) of rebate / concession towards Upfront fees for 30 years will be decided on merit by Board of Trustees on case to case basis.
3. A new “One-Time outstanding Impact Assessment Fee (IAF) Settlement Scheme” is introduced for the defaulting Organisations which shall provide an opportunity to clear / settle the outstanding IAF and at the same time avail the benefits of the scheme by paying the upfront fee at the rate prescribed in Table-1, within the stipulated time frame (June 1, 2019 to December 31, 2019). However, the Kolkata Port Trust will initiate / pursue appropriate legal action against the defaulting Organisations who fail to settle their outstanding IAF by December 31, 2019.

4. The benefit of upfront Fees structure for 30 years, as prescribed in Table-1 above, is also extended to the Organisations, who have been paying IAF regularly. The said Organisations will pay only the difference, if any, between upfront fee for 30 years and the amount already paid.
