August 28, 2019

TRADE CIRCULAR

**Sub : - Policy for allotment of undeveloped plots on license basis inside
Dock Interior Zone for a period of 180 days / 330 days.**

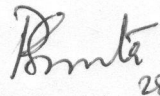

HDC had earlier allotted land to existing importers / exporters for a period of 180 days as well as 330 days for transit storage of import / export cargo subject to the condition that they have mobilized minimum 2 lakh MT / 5 lakh MT of Dry Bulk Cargo through HDC other than BOT berths during the previous fiscal.

Further, in order to allot long term undeveloped land to potential importers/ exporters, land was been allotted for a period of 180 days / 330 days against the volume commitment of 2 lakh MT / 5 lakh MT of Dry Bulk Cargo respectively, backed by Bank Guarantee.

For evaluation of cargo mobilized through the area allotted for 180 days / 330 days, the cargo mobilized from the said plot as well as through other plots allotted on ship to ship basis during the license period of undeveloped plot has been considered. However, if there is any other MGT commitment against allotment of the other plots, the same will be evaluated separately based on the cargo mobilized specifically through these plots during the license period.

It has been further approved by the Competent Authority that after 17.06.2019, for allotment or renewal of the existing allotment of undeveloped land for a period of 180 days / 330 days, the MGT will be 6 MT per sq.m. for allotment for 180 days period and 10 MT per sq.m. for allotment for 330 days' period, backed by Bank Guarantee. In such cases, the evaluation of the performance against MGT will be based on the cargo mobilized specifically through these plots only.

The above is for information of all concerned.
