**TRADE CIRCULAR**

**Sub.: Waiver of compensation charges on plots allotted for storage of import cargo**

This year, the monsoon season has been continuing and condition of the plots inside the Dock has deteriorated due to accumulation of rain water. As a result, importers have been unable to take delivery of the cargo as per their schedule owing to inability of equipment and vehicles to operate in the waterlogged storage areas.

In view of the above, the appropriate authority of KoPT has decided to extend license of plots, allotted for storage of import cargo which were expiring on and after 01.08.2019, till 30.09.2019. Normal license fees will be levied, instead of compensation charges, against such plots during this period.
